HELEN MONCAYO

ABOUT ME

I'm a software engineer passionate about web design and AI-driven solutions, focused on creating interactive and visually refined experiences that combine creativity with technical precision.
Beyond code, I enjoy dancing, exploring new coffee spots, and sometimes turning coffee into code. I like to bring that same energy and creativity into everything I build.

EDUCATION

B.S. in Software Engineering | Universidad Cooperativa de Colombia (UCC) | In Progress.

Languages: Spanish (Native) | English (Professional Working Proficiency).

TECHNICAL SKILLS

- Frontend: React, Next.js, Tailwind CSS, TypeScript.
- Hand drawing
- Digital drawing
- Super eye for detail
- Design & Multimedia: Adobe Creative Suite, CapCut (AI Video Editing), UI/UX Design.

PROFESSIONAL PROFILE

- Software Engineering student at Universidad Cooperativa de Colombia (UCC). Passionate about web development and creating interactive digital experiences. Specialized in implementing modern interfaces using technologies such as React, Next.js, and Tailwind CSS. Experienced in academic research methodologies and the development of logic-based video games.

SELECTED PROJECTS

- Code Runner (Game Dev): Development of a 2D logic and narrative-based video game ("Invisible Master"), utilizing Unity and JavaScript to teach block-based programming concepts.
- Editorial Portfolio: Design and development of a high-impact visual web platform inspired by editorial design, using Next.js and Framer Motion for fluid, high-performance animations.
- Academic Research: Active participation in research groups (Semilleros), focused on system architecture and software interface design methodologies.
